

**Join us for a Tweet Chat On  
Graves' disease**

**December 16, 2019**

**8-9 PM EST**

**Use #AAESChat to follow**

**Topics**

- 1) What factors should be considered while deciding among the treatment options for Graves' disease?
- 2) My surgical consult is coming up - what questions should I ask and should I consider traveling out of town to find an experienced surgeon?
- 3) What is the recommended surgical procedure? Are "scarless surgery" procedures safe and effective for Graves' disease?
- 4) Life after surgery - When can I start exercising and working? How long will it take for me to feel "normal"?
